

Data Analysis Pre-Lab

In advance of the first class:

1. Watch the Error Analysis video. See 3rd column “Useful Links” on this Experiment web page.
2. Carefully read the experiment Guide (1st column).
3. Do *Bevington & Robinson* exercises 2.15, 2.16, and 4.5. See second column “Related Material” for a link.

Hand in at the beginning of class.
